WHAT WE STAND FOR

Brand Pillars

Intentionality

Every choice is deliberate. Nothing is 'just' there; it's there to serve a feeling or function.

Renewal

Transformation goes beyond decoration. We believe a better space leads to a better state of mind.

Calm

In Lagos's pace, calm is a luxury. We bring silence to the noise through soft palettes and clean lines.

Care

We maintain what we create. Space care is as vital as design—keeping the vision pristine.

TARGET AUDIENCE

Who We're For

Oasis Defined serves two distinct but complementary markets. The brand promise remains consistent: we define the environment so the client can define their life or work.

RESIDENTIAL MARKET

The Busy Professional

Lagos professional, 28–45, living in Lekki, VI, Ikoyi or Magodo. Demanding career, wants home to be a reset button.

- Time-poor, taste-rich
- Aesthetics-conscious
- Values results over DIY
- Seeks peace

The New Homeowner

Newly relocated or first-time homeowner setting up their space. Needs a guide to help them find their style.

- Needs consultation
- Open to full package
- Building their identity
- Values expertise

COMMERCIAL MARKET

The Ambitious Business Owner

SME owner or founder who understands that their office or studio reflects their brand's standard.

The Corporate Facility Manager

Office or property manager responsible for maintaining a clean, functional, and pleasant environment for staff.

Brand-conscious

Growth-focused

Client-facing space

Values first impressions

Retainer-ready

Values reliability

Needs ongoing care

ROI focused

COMPETITIVE POSITIONING

Our Position in the Market

Most Lagos service providers choose a lane — homes or offices, design or cleaning. Oasis Defined owns the intersection.

Regular Cleaners

Task-based. No design eye. No transformation.

Interior Designers

Residential only. One-and-done. No maintenance.

Facility Managers

Commercial-only. Functional, not intentional.

Lifestyle Brands

Sell products. Don't transform spaces.

Oasis Defined ✓

Residential + commercial. Design + ongoing care.

Strategic note: Lead with "Space Care" as the differentiator. Others design for the photo; we design for the living.

THE CORE CLAIM

Brand Positioning Statement

For Lagos homeowners and businesses who want their space to reflect who they are, Oasis Defined is the interior design and space care partner that delivers intentional, renewal-focused transformation. Unlike traditional designers, we maintain the beauty we create, ensuring your sanctuary stays defined.

LOGO DIRECTION

Logo Concept Directions

Three distinct directions below — each a different strategic interpretation of the Oasis Defined mission.

OASIS DEFINED

INTERIOR DESIGN + SPACE CARE

Concept 01 The Wordmark Circle

Full brand name in a clean serif, anchored by a circular monogram. Represents completion, cycle of care, and architectural structure.

Structure: Circle mark + OASIS DEFINED wordmark + descriptor line

Best for: Business cards, letterheads, signage, social profiles

OASIS

DEFINED

Concept 02 The Leaf Drop Monogram

A rotated diamond or leaf-drop shape — suggesting both a water drop (Oasis) and a leaf (renewal/growth). Minimal and high-fashion.

Structure: Abstract leaf/drop symbol + stacked OASIS / DEFINED

Best for: Instagram, uniforms, stamps, premium packaging

Concept 03

The Arch Lettermark

An arch shape above the letters 'Od.' — the arch references a door or window, an invitation into a defined space.

Structure: Arch motif + Od. lettermark + expanded wordmark secondary

Best for: High-end branding, editorial use, monogram applications

APPLICATION NOTES
